Take an IHC Engine Home with You

A TALK with your local dealer may open your eyes to gasoline engine possibilities you never thought of. For your own information drop in and see him the next time you are in town and ask it overy. You will find IHC engines—and the dealer will show you how they can afford to run your farm any longer without one.

IHC Gasoline Engines

are among the best labor-savers and money-makers a farmer can buy. The local dealer will tell you why and give you facts and figures to prove it. He will tell you just what an IHC engine will do for you and why it is the best engine for you to buy. Learn from him what it means to have a thoroughly tested IHC engine and take one home with you. Made in sizes 1 to 50-horse power.

Win Three Out of Four.

The Valentine high school baseball team left May 8, for their trip down the road, playing ball at Ainsworth Wednesday afternoon, winning the game 16 to 7, and in the evening presenting their play at the auditorium to a good crowd.

Leaving Ainsworth Thursday morning they played at Atkinson that afternoon, winning the game 12 to 6, again presenting their play at the opera house where it was well received by a fair sized crowd.

Friday it rained all day so the team had a chance to rest, leaving for O'Neill Saturday morning and playing ball there that afternoon, winning 5 to 4. Playing again on the 12th with O'Neill they lost 7 to 5, it being a fine game and was watched by a large crowd. The boys arrived home Monday morning.

Having had a successful trip every way, winning three out of four games, and also making over \$100 on the trip, thereby making all the expenses, they arrived home with as much money as they had when they left.

IN order to furnish proper banking protection, President Lincoln and his first congress established the National Bank which operates under government supervision.

From time to time additional laws have been passed under the different presidents shown above strengthening the protection a National Bank affords.

Thus the confidence and security that comes with the possession of money in the bank is greatly enhanced when it is in a National Bank, for here it has every safe-guard possible for human ingenuity to devise.

In selecting a bank in which to deposit your savings or surplus funds the one thing to be considered is safety and we ask for your business only on the basis of absolute safety. Call at our bank and let us explain to you how safe your money is here.

WHY NOT MAKE \$200.00 A MONTH - - That's \$50.00 a Week, almost \$10.00 a Day

Selling Victor Safes and fire-proof boxes to merchants, doctors, lawyers, dentists and well-to-do farmers, all of whom realize the need of a safe, but do not know how easy it is to own one. Salesmen declare our proposition one of the best, clean-cut money-making opportunities ever received. Without previous experience YOU can duplicate the success of others. Our handsomely illustrated 20-page catalog will enable you to present the subject to customers in as interesting a manner as though you were piloting them through our factory. Men appointed as salesmen receive advice and instructions for selling safes, giving convincing talking points which it is impossible for a prospective customer to deny. Why don't YOU be the first to apply from your vicinity before someone else gets the territory? We can favor only one salesman out of each locality.

The 25th anniversary of our company was celebrated by erecting the most modern safe factory in the world. Wide-awake men who received our special selling inducement, rendered it necessary to double our output.
